RAN COLLECTION

LESSONS LEARNED

MULTI-AGENCY APPROACH

Lesson 1

Working with a multi-agency approach?
Share knowledge and expertise in PCVE and
discuss individuals on a case-by-case basis

Lesson 2

One contact point should lead and coordinate
the information-sharing process and decision-making

Lesson 3

A multi-agency approach should build on
the existing collaboration between
local authorities and statutory partners

Lesson 4

Build a multi-agency structure on a local level,
when possible

Lesson 5

Set up a general structure:
An overall multi-agency structure focused on different
social issues, such as crime prevention and P/CVE

Lesson 6

Involve communities from the very beginning
to build a long-term relationship

Lesson 7

Organise face-to-face
meetings regularly

Lesson 8

Evaluate and follow up

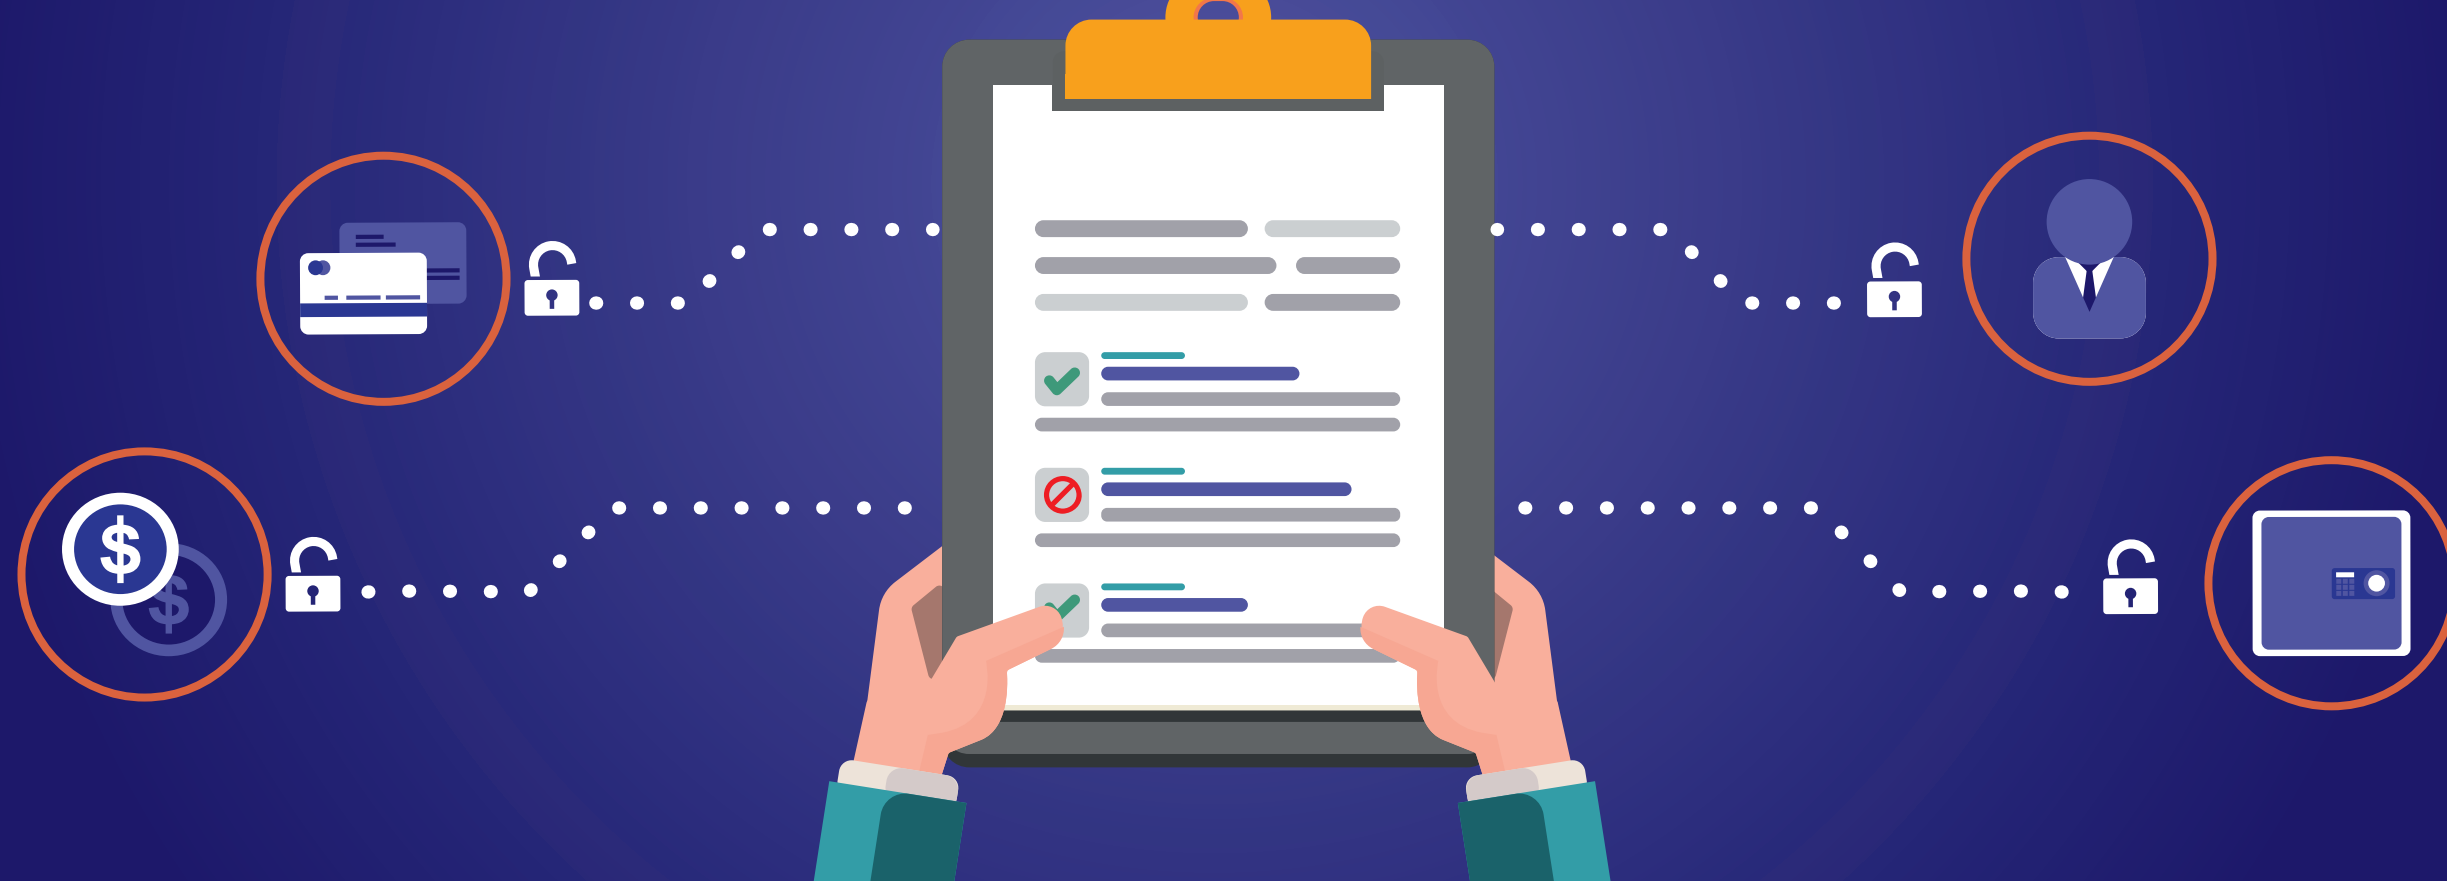

Lesson 9

Secure a common understanding of
goals, roles and procedures

Lesson 10

Establish clear rules about
confidential information-sharing

Best Practices

Anchor Model

The Danish SSP system: Local collaboration
between schools, social service and police

Prevent Mental Health / Police Team
